# Master in Management - Pre-Master Year AY 2026/2027

## Preamble

### **Credit Transfer Only**

Students who have achieved, in their home university, 2 years (eq. 120 ECTS credits) in a Bachelor program (or equivalent) can take some or all the courses of the year 1 of our Master in Management program.

Students must register for at least 20 ECTS credits per semester.

Students can study one semester (either semester one or two) or the academic year.

**Objectives** : The pre-Master year enables the acquisition and strengthening of the fundamentals of management sciences with the aim of putting them into practice in an ethical manner.

It develops soft skills and the overall approach through classes in the humanities to apply critical thinking to finding appropriate solutions in a professional context.

It includes six teaching units and brings students together to work on a challenge.

# Master in Management – Master 2 Year 2026/2027

## Preamble

**IMPORTANT: As the number of places available in M2 is limited, priority will be given to double degree students over credit transfer students.**

## **Double Degree**

Students who have achieved in their home university a Master 1 year (eq. 240 ECTS credits) in one of the Masters' programs indicated in the cooperation agreement signed with their home university, will follow the **whole course plan of one specialization track of the Master 2 year** of our Master in Management program, fully taught in English.

Please note: Double Degree seeking students must show a TOEIC score of min. 790/900 in order to register in the MiM program. The score must be valid until graduation.

## **Graduation Requirements**

- 46 ECTS Credits of Core Courses and Elective Courses in one of the eight concentrations below.
- Thesis: 8 credits.
- Professional Experience: 6 Months Internship. 6 credits.
- TOIEC score of 790/900 minimum.

**Credit transfer** students must register for at least 20 ECTS credits per semester.

Fall semester only is accessible to credit transfer students who will join the program for one semester.

**Note:** Students can only take courses in the track on which they are registered.

## **Objectives:** Complex Management and Specialization

The last year of the MiM program is a specialization/concentration year, as students can choose from 8 different specializations. Each course includes lessons which focus on preparing you to make decisions and act ethically in complexity by specializing in a chosen discipline. These courses prepare you for your short-term professional integration. A common core teaching unit, an internship and a master's dissertation complete these specialization courses, which aim to develop the necessary skills for the design and implementation of cross-functional solutions, making it possible to steer change and to prepare your medium-term career development.

# Digital Marketing concentration

	Semester 1 (Fall) courses	Teaching Hours	ECTS Credits
<b>Core Course(s) in the Discipline</b>	Digital Marketing Strategy	42	4
<b>Specialization Courses</b>	Consumer psychology & behavior in digital era	28	3
	Customer Experience Management (CEM/CXM) and Omnichannel Strategy	28	3
	Graphic Design & Brand Communication	28	3
<b>Special Topics</b>	Data Analytics for marketing	21	2
